SUMMARY

UI Developer with 3 years of experience translating design systems into pixel-perfect, accessible, cross-browser web interfaces.

TECHNICAL SKILLS

Markup/Styling: HTML5, CSS3, SASS/SCSS, Tailwind CSS, Bootstrap

Scripting: JavaScript (ES6+), jQuery

Design Tools: Figma, Adobe XD (design handoff & prototyping)

Practices: Responsive Design, Web Accessibility (WCAG 2.1), Cross-browser Compatibility, Design Systems

Other: Git, Storybook, BEM methodology

PROFESSIONAL EXPERIENCE

UI Developer — Lumen Digital Agency

Hyderabad, India | Apr 2023 – Present

- Converted Figma designs into responsive, accessible HTML/CSS/JS interfaces for 10+ client sites.
- Built and maintained a reusable component library in Storybook adopted across 3 product teams.
- Ensured WCAG 2.1 AA compliance, reducing accessibility audit issues by 90%.
- Optimized CSS/SASS architecture using BEM, cutting stylesheet size by 35%.

UI/Frontend Intern — Craftwork Studio

Hyderabad, India | Oct 2022 – Mar 2023

- Built landing pages and marketing sites from design mockups using HTML, CSS, and vanilla JS.
- Collaborated with designers to establish a shared color/typography design-token system.

PROJECTS

Design System Kit — Component library (buttons, forms, modals) built with Tailwind CSS and documented in Storybook.

Accessible Dashboard UI — Responsive admin dashboard UI with full keyboard navigation and screen-reader support.

EDUCATION

B.Des. Interaction Design, National Institute of Design (NID) — 2022
