

Meera Krishnan

Chennai, India | meera.krishnan.data@email.com | +91 97654 32109 | linkedin.com/in/meerakrishnan-data

SUMMARY

Data Analyst with 3 years of experience turning business data into actionable insights using SQL, Excel, and BI dashboards.

TECHNICAL SKILLS

Analysis Tools: Excel (Advanced), Power BI, Tableau

Languages: SQL, Python (Pandas, NumPy — for analysis, not app development)

Statistics: Hypothesis testing, Regression analysis, A/B testing

Other: Data cleaning, Dashboarding, Stakeholder reporting

PROFESSIONAL EXPERIENCE

Data Analyst — Meridian Retail Analytics

Chennai, India | May 2022 – Present

- Built Power BI dashboards tracking sales KPIs for 40+ store locations.
- Wrote complex SQL queries to extract and aggregate data from a 2TB retail data warehouse.
- Ran A/B tests on promotional campaigns, presenting findings to senior leadership.

Junior Data Analyst — InsightWorks Consulting

Chennai, India | Jun 2021 – Apr 2022

- Cleaned and validated survey datasets using Python (Pandas) for client research reports.
- Created Excel-based financial models for client forecasting.

PROJECTS

Sales Forecasting Dashboard — Power BI dashboard with SQL backend for regional sales forecasting (no application development).

Customer Churn Analysis — Python/Pandas analysis identifying churn drivers for a subscription business, presented via Tableau.

EDUCATION

B.Sc. Statistics, Madras Christian College, Chennai — 2021 | CGPA: 8.2/10
